COMMUNITY SERVICES AND RURAL DEVELOPMENT

UNNAT BHARAT ABHIYAN (UBA)

**Annual Report
Academic Year 2023 -2024**

UNNAT BHARAT ABHIYAN

Gandhi ji's idea to develop the Indian society was based on his understanding of the society and hence based on the village system.

Talking about the importance of village, he wrote in 1936, "I would say if the village perishes, India will perish too."

The conceptualization of Unnat Bharat Abhiyan started with the initiative of a group of dedicated faculty members of Indian Institute of Technology (IIT) Delhi working for long in the area of rural development and appropriate technology. The concept was nurtured through wide consultation with the representatives of a number of technical institutions, Rural Technology Action Group (RuTAG) coordinators, voluntary organizations and government agencies, actively involved in rural development work, during a National workshop held at IIT Delhi in September, 2014. The workshop was sponsored by Council for Advancement of People's Action and Rural Technology (CAPART), Ministry of Rural Development, Govt. of India. The program was formally launched by the Ministry of Human Resource Development (MHRD) in presence of The President of India on 11th November, 2014.

Vision

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India.

Mission

The Mission of Unnat Bharat Abhiyan is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

Goals

- To build an understanding of the development agenda within institutes of Higher Education and an institutional capacity and training relevant to national needs, especially those of rural India.
- To re-emphasize the need for field work, stake-holder interactions and design for societal objectives as the basis of higher education.
- To stress on rigorous reporting and useful outputs as central to developing new professions.
- To provide rural India and regional agencies with access to the professional resources of the institutes of higher education, especially those that have acquired academic excellence in the field of science, engineering and technology, and management.
- To improve development outcomes as a consequence of this research. To develop new professions and new processes to sustain and absorb the outcomes of research.
- To foster a new dialogue within the larger community on science, society and the environment and to develop a sense of dignity and collective destiny.

Members

Principal	Dr. D . Saravanan
Program Officer	Dr. R. Saravanan , Associate. Prof./Chemistry Mr D.Vivek , Assist. Prof. /Civil
Chief Volunteer	Sanjay. S III Year Thanuja.S II year
Department Volunteers	
CSE	Mr. Surya , III Year
Civil	Mr. Manoj I Year
ECE	Mr. Ranjith III Year
Mechanical	Mr Lokeshwar I Year
EEE	Mr. Dwarakan , I Year
BME	Mr Santhosh kumar , III Year

Programmes

Various Programmes conducted under UBA are

- ❖ Rural development processes
- ❖ Tree plantation
- ❖ Renovation- Construction and Repair
- ❖ Plastic free Environment awareness camp
- ❖ Swachh Bharat Program
- ❖ National Integration Camp
- ❖ Blood Donation
- ❖ Immunisation
- ❖ Disaster Management
- ❖ Adventure Programmes

Benefits of Being a UBA Volunteer:

A UBA volunteer who takes part in transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India. Being an active member these student volunteers would have the exposure and experience to be the following:

- an social responsive person
- an accomplished social leader
- an efficient administrator
- a person who understands human nature

Works planned in the Academic Year 2023-2024

- Village level survey
- House hold survey
- Conduction of Gram saba meetings
- Plastic free Environment awareness camp
- Swachh Bharat Programs
- Rural development processes
- Renovation Work-Construction and Repair
- Erection of Solar lights in villages
- Skill development programs in rural villages such as automobile and basic computer knowledge, electrical appliances servicing, etc
- Jal shakti abhiyan-construction of Rainwater Harvesting pit in villages
- Smart classroom in Government schools
- Organic farming activities
- Road safety awareness programs
- Covid 19-Vaccination camp
- Health and Immunisation camp
- Disaster Management
- Construction of Ecosan toilets and closed waste disposal systems
- Social awareness meet and Rural development discussion
- Awareness camp on epidemic disease outbreak like malaria, dengue and swine flu., etc

LIFESTYLE FOR THE ENVIRONMENTAL PLEDGE AND PROGRAMS

The total number of students participated: 1050

The total number of faculty members participated: 56

In a remarkable show of unity and commitment, the students, faculties, coordinators, and UBA coordinators of KPR Institute of Engineering and Technology came together in a special session to take a pledge for embracing an environmentally conscious lifestyle. The event took place under the auspices of the UBA (Unnat Bharat Abhiyan) that works towards sustainable development and community engagement. The pledge ceremony, a pivotal moment of the session, brought forth a sense of determination and unity among the participants.

शपथ पढ़िये | Read Pledge

Lifestyle for the Environment Pledge

- I pledge to make any possible changes in my daily lifestyle to protect the environment.
- I commit to continuously remind my friends, family and others about the importance of environmentally friendly habits.
- I pledge to serve as an example of how an environment-friendly lifestyle can positively impact people and our planet.

Rural Development -Technology Transfer Program on 22.05.2023

Team UBA – KPRIET has implemented the project “Smart rain Gauge” under UBA theme of water management on 22.05.2023 at adopted kaduvettipalayam village. This rain gauge predominately observes the rainfall amount in every ten minutes and automatically sends the data to collection server. This project supports rainfall monitoring rainfall and water management.

Fire Safety and CPR First-Aid Training Workshop

KPRIET-UBA has conducted Fire Safety and CPR First-Aid Training Workshop in association with ALERT NGO for volunteers, faculties and staffs in our campus on 13.07.2023.
